

# Syon from the Outside

With Chris King

Wednesday, 26<sup>th</sup> September  
2.00pm

Come with us on a walking tour around the exterior of Syon House to trace the footprint of the Bridgettine Abbey founded in 1426 and the Tudor Mansion that was subsequently built on the foundations following the dissolution.

This tour will explore the development of this beautiful house from Tudor mansion to the present day, following archaeological clues that are exposed each time the building is refurbished.
